

Mary Ann,

I just wanted to let you know how much fun Terry and I had on Saturday. The directions were great, the questions on the playing sheets were fun. We are happy we joined the club and wish we could come to the meetings but with my work schedule and Terry belonging to other clubs and committed to them, its hard. We met a few nice couples and enjoyed our selves. We appreciate all the work that was done to make our day a fun day, Thank you all.

Tom & Mary Ann,

Thank you both for a wonderful outing for a great cause which was run with precession and with a tour of wonderful scenery.

We're new KSCC members who came from a club that just ran events that were let's say, haphazard and uncoordinated.

We so throughly enjoyed the outing we can't wait for next year!

This event is what Vette's are all about, getting them out and driving them through nice countryside.

BTW: Whomever you talked to, to ask for great weather, most certainly listened to you and provided a great day for the outing.

Thanks again;

Mary Ann:

It was my pleasure to be there and my honor. I too have a very close Aunt with Parkinson's and I was so very glad when I heard about your event. Thank you for catching up with me and the gas card will come in handy for getting to the next charity event, Great job to you and everyone of KSCC.
Thanks

I had a good time, and will be on the lookout for similar events coming up. Is there anything on the club's calendar coming up?

Mary Ann and Tom and all,
I had a ball- THANK YOU!

Hi!

I could not let another day go by without thanking your group The Keystone State Corvette Club for their kindness.

I was the wacky woman in the parking lot of Shady Maple last saturday that asked to buy the balloons after your event. Your group was so kind as to give me ballons, as I explained we were having my Aunt Marylou's birthday at Shady Maple, and I forgot them.

I am a native Pennsylvanian, but have not lived there for over 20 years, and have forgotten the kindness of strangers in my home state.

I would like to thank your group for reminding me....

Thank you

You all did a great job!

Mary Ann,

My friend Drew and I never miss the Poker Run. It is always a great day and we look at it as therapy for us to go cruising on a beautiful day. The fact that it may be helping a worthy cause is an added benefit. Yes, I did receive the gas card. Thanks again for a great day.

Maryann,

Received the "surprise gift". The enjoyable time we had Saturday was ample thanks. I know a lot of effort goes into putting an event like this together. Perhaps if we all start spreading the word earlier next year, we can have many more participants. Good job!
